

## Trails along U.S. 41

There are many on and off-road options for hiking and bicycling through the various state and national parks.

### Collier-Seminole State Park

An original stand of native royal palm trees, coexisting with one of the world's largest mangrove swamps, distinguishes this park; it is also the site of the historic Tamiami Trail "Walking Dredge".

### Ten Thousand Islands NWR

Established in 1996, this refuge protects important mangrove and marsh habitats and is the ultimate interface where land gradually gives way to the sea.

### Picayune Strand State Forest

Comprised of 78,000 acres, this is Florida's 4<sup>th</sup> largest state forest and named after the largest of several cypress strands that once occupied its eastern portion.

### Fakahatchee Strand Preserve State Park

Swamps, prairies, tropical hardwood hammocks and pine rock lands with royal palms and bald cypress trees share the forest canopy with native orchids and bromeliad species. <http://alturl.com/j9cck>

### Big Cypress National Preserve

Big Cypress contains a mixture of tropical and temperate plant communities that harbor many protected species, including the elusive Florida panther.
